Objective

Eager to apply my web development skills in a challenging IT role, contributing to innovative projects while continuously learning and growing.

Education

Government Engineering College, Dahod

Bachelor in Computer Engineering CGPA: 7.74

(2023-2026)

Government Polytechnic for Girls, Surat

Diploma in Computer Engineering CGPA: 7.85

(2019-2022)

Technical Skills

- **Frontend :** HTML, CSS, JavaScript, React, Flutter, Dart
- **Backend :** Node.js, PHP, Firebase
- **Programming Languages:** C, C++, Java
- **Database:** MongoDB, SQL
- **Tools:** Git, VS Code, Postman
- **Soft Skills:** Problem-Solving, Communication, Teamwork, Time Management

Projects

SecretWhisper(Anonymous Messaging Platform) | JavaScript, PHP, SQL

March 2025

- Created an anonymous messaging platform with self-destructing messages, real-time countdown timers, and end-to-end encryption for secure communication.
- Integrated optional Google authentication, MySQL for user management, and automated message deletion using Redis/cron jobs.

SmartEat Nutrition(AI-Based Meal Planning) | JavaScript, Node.js, Firebase

July 2024

- Built an AI-powered meal planning system that personalizes diet recommendations based on user preferences, dietary needs, and health goals.
- Integrated a nutrition database, macro tracking, and an interactive dashboard for real-time meal suggestions.

Find My Doctor (Healthcare Appointment System) | JavaScript, PHP, SQL

May 2024

- Developed a healthcare platform that helped 500+ users book doctor appointments, reducing wait times by 30% and integrating real-time availability, user reviews, and appointment scheduling.
- Implemented a secure authentication system and Firebase for seamless data management.
